Personal information

First name(s) / Surname(s) Damiano Dante Cesare Abeni, MD, MPH

Address(es) via Labicana, 58
00184 Rome (Italy)

Telephone(s) +39 06 6646 4308

Fax(es) +39 06 6643 4329

E-mail d.abeni@idi.it

Nationality Italian

Date of birth August 9, 1956

Work experience

- 2009-actual Senior Epidemiologist, permanent position (National contract for private research hospitals), at the Health Services Research Unit, Istituto Dermopatico dell'Immacolata (IDI-IRCCS), Rome.
- 2008-2009 Public Health Agency of the Lazio Region, Head of the Evidence-Based Med Unit.
- 1995-2007 Senior epidemiologist at the IDI-IRCCS in Rome, now in the Health Services Research Unit. Extensive work on outcomes for clinical trials (quality of life and psychological burden of persons with chronic diseases). Work on patients' satisfaction with care and on patient-provider relationship. Methodological work on patient-oriented measures of disease severity. Methodological work on measures of clinical severity of disease. Clinical trials in psoriasis. Observational studies, both descriptive and analytical, on chronic skin diseases and skin cancers. Collaboration with clinical researches in experimental studies (e.g., gene therapy for chronic obstructive arterial diseases of the lower limb).
- 1996 Researcher in the Analytical Epidemiology Unit of the Department of Epidemiology, Lazio Region Health Authority, Roma

- 1992-1996 Head of the AIDS and Communicable Diseases Unit, Department of Epidemiology, Lazio Region Health Authority, Roma (Lazio Region has approx. 5 million inhabitants), coordinator of Regional Program on AIDS Surveillance and Control (collecting data from over 60 clinics and laboratories), activities include:
- a) Regional Registry of AIDS cases; surveillance of hospital and hospice admissions and discharges of PWAs; laboratory based surveillance of "Severe Immunodeficiency" [i.e., people with <200 CD4+ cells/ μ L] and of HIV infection; surveillance of HIV testing on blood donations and epidemiologic investigation of AIDS and HIV cases with suspected transmission from blood transfusions; surveillance of HCW professionally exposed to HIV; anonymous surveillance of HIV prevalence among women at delivery (or having abortions); analytic studies (longitudinal, case-control, cross-sectional designs; one controlled intervention trial on effectiveness of home care assistance to PWAs).
 - b) design and analysis of studies based on data from, and/or in collaboration with clinics participating in, the Regional Surveillance and Control System on AIDS and HIV infection: this included clinical trials (intervention trials), survival analysis, use of capture-recapture techniques on HIV data, contributions to dynamic modelling, use of multiple imputation methods, etc.
 - c) ad hoc studies on the epidemiology of HIV infection and of injecting drug use.
 - d) teaching activities in general epidemiology, and epidemiology and prevention of HIV infection/AIDS for medical professionals in the National Health System in Lazio and many other Italian Regions (also within the framework of national campaigns of the Ministry of Health and the Ministry of Public Education).
 - e) participation in international (WHO and EU) research projects.
 - f) consultant/expert on HIV epidemiology and prevention for national and international organizations and for national non-governmental organizations. Member of the "Consulta Romana HIV" (HIV Consultants for the City of Rome), running two projects on Women and HIV and HIV-positive children in schools.
- Communicable Disease Surveillance, besides 'routine' surveillance, includes special systems for the surveillance of tuberculosis, hepatitis B, meningococcal meningitis, and malaria.
- 1989-1991 Epidemiologist, Drug Dependency Unit, Department of Epidemiology, Lazio Region Health Authority, Rome.
- 1988-1989 Epidemiologist, AIDS and Communicable Diseases Unit, Department of Epidemiology, Lazio Region Health Authority, Rome.
- 1987-1988 Microbiology consultant at the Italian National AIDS Task Force (Department of Epidemiology and Biostatistics) of the Italian National Institute of Health, Rome. Started (and worked on, for 1 year) the Italian National AIDS Hot Line of the Italian National AIDS Task Force

Education and training

- 1991-93 **Postdoctoral Fellow, Johns Hopkins University, School of Hygiene and Public Health** (Department of Epidemiology, Program of Infectious Diseases), Baltimore, MD; USA.
- 1991 **Master of Public Health, Johns Hopkins University, School of Hygiene and Public Health** (Department of Epidemiology, Program of Infectious Diseases), Baltimore, MD, USA
- 1991 **Specialization Degree in Infectious Diseases**, Institute of Infectious Diseases, School of Medicine of the University "La Sapienza" in Rome, Italy, with the final thesis "Sexual behaviour and HIV-1 prevalence in street IVDUs in Rome".
- 1987 **Degree in Medicine and Surgery**, (30.03.1987) at the University of Milan, Italy, with an experimental thesis in microbiology, "Quantitation of bacteria and fungi of the respiratory tract".
 - Qualification to practice the medical profession, University of Milan, spring/-summer session for State examinations, 1987.
 - Enrolled in the Italian Medical Association, section of Brescia, July 1987.
- 1975 Diploma of Classical High School, Liceo-Ginnasio statale "Arnaldo da Brescia", Brescia, Italy.
- 1974 "High School Diploma", Rincon H.S., Tucson, Arizona, U.S.A.

Personal skills and competences

Mother tongue(s) **Italian**

Other language(s) **English**

Self-assessment

European level (*)

	Understanding		Speaking		Writing

Additional information **TEACHING**

2006 and 2007- "Principles of Epidemiology", Johns Hopkins Bloomberg School of Public Health, Summer Institute, Senior Instructor.

since 1988/present - Director of courses, teacher/lecturer on epidemiology and prevention of HIV infection/AIDS, in innumerable occasions, all over Italy, including:

- National AIDS campaigns for school principals;
- National AIDS campaigns for school teachers;

- National and regional programs for the training of trainers for HIV prevention among drug injectors;
- Regional courses for updating knowledge of medical doctors and nurses from infectious diseases wards;
- Regional AIDS campaigns for school teachers and students (training of 100 medical doctors who would in turn train teachers and students);
- Regional AIDS campaigns for public safety workers (i.e., personnel of prisons, policemen, firemen);
- Regional AIDS campaigns for prevention on the workplace (including courses for the labor unions and for the main factories in Rome and Lazio);
- City of Rome campaign for women (training of "peer group" and "indigenous trainers" -e.g., representatives of university students, representatives of the hairdressers' labour union, etc.; training of representatives from specific ethnic groups -e.g., philippino, etc.)
- Specific courses organized by NGOs for the training of their volunteers (e.g., home-care assistance teams, street units for drug injectors and commercial sex workers, etc.);

1998-2006 Teacher of the Epidemiology course for the Nurse Diploma, Università di Tor Vergata, Rome.

Courses on critical appraisal of biomedical articles, Italian National Institute of Health; Regional Public Health Agency of the Lazio Region; and other institutions.

Classes of Methods for clinical research, Courses on Ethics and management, Pontificia Università Lateranense, Rome.

Ethics and management courses for the Local health units managers of the Calabria Region.

1998 - Teacher of "Epidemiological methods in psychiatric research" for professionals of the Mental Health Departments of the National Health Service in Rome (Jan. To Apr.)

- Teacher of "Epidemiology 1" for the Nurse Diploma courses of Università di Tor Vergata/Ist. Dermopatico dell'Immacolata, Rome. (Academic year 1998-1999)

- Director and teacher of the course "Scientific communication", Italian National Institute of Health, Rome, October 5-9.

1997 - Teacher of "Epidemiology and methodology of clinical research", Pontificia Università Lateranense, Rome (Dec. To Feb. 1998); courses for administrators and managers of the National Health Service.

- Teacher of "Epidemiology 1" for the Nurse Diploma courses of Università di Tor Vergata/Ist. Dermopatico dell'Immacolata, Rome. (Academic year 1997-1998)

1996- Teacher at courses on Health Service Evaluation (lectures on the evaluation of services -clinics and residential centres- for drug users), Regione Calabria, Italy.

1990/95 -Teacher at courses on "Methodology of study design in Epidemiology"

School of Health Statistics- Faculty of Medicine and Surgery - University of Roma

"La Sapienza".

- Teacher at the "Master of Epidemiology of the health services", Università Tor

- Teacher and teaching assistant in over 30 national and international courses held by the Department of Epidemiology, the Italian National Institute of Health and other institutions (including the U.N. agency UNICRI [prevention of drug misuse], Local health Units, regional and other local administrations, and many NGOs involved with AIDS activities), on epidemiology, biostatistics, public health, evaluation of health systems/interventions, outbreak investigations, and particularly HIV infection and AIDS and other blood-borne infections.
- 1991 - Teaching assistant at the "Public Health Issues over the Life Span" Course (Prof. Armenian) for the MPH program, Johns Hopkins University, School of Hygiene and Public Health.

NATIONAL AND INTERNATIONAL RESEARCH PROJECTS

- Principal investigator of the IDI Multipurpose Psoriasis Research On Vital Experiences (IMPROVE) Study.
- 2006-8 Italian Drug Agency (Italian FDA) Evaluation of the impact of writing exercises and educational interventions on quality of life, use of health resources, and adherence to treatment in patients with psoriasis – A Randomized Controlled Trial
- 2005-7 Ministry of Health, “Studies on squamocellular carcinoma of the skin and antibodies against human papillomaviruses (HPV)”
- 2005- Ministry of Health, “Transfer of quality of life measurements from clinical trials to the routine clinical practice”
- 2002-5 (European Union) Epidemiology of human papilloma virus infection (HPV) and ultraviolet (UV) radiation in relation to non-melanoma skin cancer.
- 2002-3 Ministry of Health, “Quality of care for the elderly in dermatology: quality of life and patients’ satisfaction”
- 2001-3 Ministry of Health, “A clinical, epidemiological, and biomolecular registry of cutaneous lymphomas”.
- 1999 to present. Ministry of Health, “Outcome research in dermatology”, IDI-IRCCS, Rome.
- 1998- Ministry of Health, “Dermatocpidemiology”, IDI-IRCCS, Rome.
- 1997- Ministry of Health, “Pilot study for a national register of inborn metabolic disorders”. Consultant for the “Bambino Gesù - IRCCS” Hospital, Rome.
- 1996- European Community, DG XII. "Lung cancer and residential radon in a mediterranean area" (case-control study).
- 1995- European Community, DG V. "Feasibility study for Co-Ordinated Community Action on the Improved Targetting of HIV/AIDS Prevention Campaigns among International Travellers" - Dir., prof. Michael Bloor, University of Wales, Cardiff, UK.
- 1994- Ministry of Health, National Institute of Health, VII AIDS Research Project. 3 projects: on "capture/recapture" techniques applied to HIV infection; on "multiple imputation techniques in a prevalent cohort of people with HIV infection"; on "mathematical modeling of HIV infection epidemic".
- 1993- Ministry of Health, National Institute of Health, VI AIDS Research Project. "Mathematical Modeling and Surveillance of HIV infection epidemic" (contract n.8203 017).

- 1991-Ministry of Health, National Institute of Health, IV AIDS Research Project.
"Mathematical Modeling and Surveillance of HIV infection epidemic"
(contract n.6205 020).
- 1990- Ministry of Health, National Institute of Health, III AIDS Research Project.
"Mathematical Modeling and Surveillance of HIV infection epidemic"
(contract n.5205 013).
- 1989- WHO, Global Program on AIDS (GPA), "Study of Drug Injecting and
HIV infection" (contract n. HQ/89/137283)
- EC, DG V. "HIV prevalence and risk factors among IVDU".

COMMITTEE AND PROFESSIONAL AFFILIATIONS

- Member of the Italian Medical Association.
- Member of the Italian Epidemiology Association.
- Member of the International Society for Infectious Diseases.
- Member of the International AIDS Society.
- Member of the Johns Hopkins Alumni Society.
- Former EEC consultant on HIV infection and IVDU.
- Member of the "Consulta Romana HIV" of the City of Rome.
- Member of the Ethical Committee of the IDI-IRCCS
- Member of the Commission on Hospital infections of the IDI-IRCCS
- Member of the Technical-Scientific Committee of the IDI-IRCCS

EDITORIAL ACTIVITY, SCIENTIFIC PUBLICATIONS AND ABSTRACTS.

Founder (with Michael Bigby, Harvard Medical School; Hywel Williams, University of Nottingham, UK, and others) and formerly co-editor of the section “**Evidence-based Dermatology**” in the journal *Archives of Dermatology*.

Reviewer of submitted papers for the journals *Epidemiology* (Boston, USA), *British Medical Journal* (London, UK), *The Lancet* (London, UK), *Archives of Dermatology* (Boston, USA), *Journal of Investigative Dermatology* (Chapel Hill, USA), *British Journal of Dermatology* (London, UK), *Dermatology* (Geneva, Switzerland), *European Journal of Public Health* (Sweden), *European Journal of Epidemiology* (the Netherlands), *European Journal of Dermatology* (France), *Epidemiologia e Prevenzione* (Italy), *Annali dell'Istituto Superiore di Sanità* (Italy), as well as referee for the grant proposals submitted at the “AIDS Project” of the Istituto Superiore di Sanità (Rome, Italy), and for grant proposals submitted to the Ministry of Health and to the Ministry of University and Scientific and Technological Research (MURST, Rome, Italy).
